### **February at a Glance**

January flew by with our students engaged in many projects and testing. We will be concluding the testing in about a week. The students appear to be doing well. The results will be back to us in late spring.

The students hosted a “red carpet” event for the Goodwill store managers to show our thanks for Goodwill’s support. Our students posed for pictures with

the managers and they may be seen in some of the Goodwill stores.

We began an art project with Leoma Lovegrove, a famous local artist. All of the students will have a turn working on art projects with her over the next few months. We hope the art work will be a fundraiser at the Goodwill luncheon in the spring.

In keeping with our healthy living curriculum theme this month,

a local dentist will be on campus Feb. 16 to discuss oral hygiene and related subjects.

The week of Feb 13 - 17 is our funding survey week. It is imperative that students be in attendance and ride the bus as they normally do. We are not funded for a student who is not in attendance at least one day that week. The same is true for our bus funding. We appreciate your help.

## **A Time for Change and Growth**

We are in our seventh year at L.I.F.E. Academy. It is hard to believe our first freshmen class is graduating. This will make a big difference in our enrollment, so we must work even harder to recruit new students. As we work towards relocating to our own school site, there will be changes and challenges to meet. I would like to begin creating some parent /staff committees to brainstorm and work on these and other issues. There is also a need to do some large fundraisers with Goodwill.

Please complete the form below and return by Monday.

- I wish to serve on the Recruitment Committee which will begin in one week.
  
- I wish to serve on the Fundraising Committee working with Goodwill which will begin in March.
  
- I wish to serve on the Relocation Committee – time not yet decided.
  
- I would like to serve on a committee to address:
